MONTCLAIR STATE
UNIVERSITY

A MESSAGE FROM THE PRESIDENT

Dear Class of 2019:

Congratulations Red Hawks! You have worked hard, studied hard, explored the world both within and beyond the University, discovered and developed your talents and interests, and graduated from Montclair State University. I speak for the entire University community, your professors and all those on campus who have contributed to your educational process, in expressing our pride in your accomplishment.

You stand at the threshold of what will become the story of your life, and I urge you to believe in yourself and your capacity for achievement. Your education is a powerful foundation for you to build on, so go out there and become the person you want to be. Build your career, build your family and build your community. You will be what you make of yourself, and the world you live in will be the one that you contribute to shaping.

Many people have supported and encouraged you on your journey, and I hope that as you grow and progress in your life, you will remember that there will be others who will follow you who will need your support and encouragement. Be there for them. We hope that you will stay connected to your University and all the people you met here. You will always be a part of the Montclair State family. You are a Red Hawk forever.

Go forth with Montclair State pride and seize the day!

Susan A. Cole
President

DR. KAREN L. PENNINGTON

VICE PRESIDENT FOR STUDENT DEVELOPMENT AND CAMPUS LIFE

Dear Members of the Class of 2019:

Congratulations on all the years of study and hard work that have resulted in graduation from Montclair State University! Completing an undergraduate degree is an accomplishment shared by a very small percentage of the population; cherish the experience. As you establish yourself in your new life and career, take with you the tools and values you learned from your family and acquired at the University to help you be all you want to be. Continue to aim high. Choose compassion over complacency and prize courage over comfort. Use your imagination, ingenuity and audacity to explore, discover and change a world filled with ceaseless and kaleidoscopic challenges. Become an engaged and responsible citizen. Be a mentor and trusted friend. Embark on new adventures and continue to grow as an educated, ethical and caring person.

This yearbook is a photographic record of an extraordinary period in your life. As have graduates before you, I believe you will find that it becomes more valuable to you as the years go by. It allows you to look back at your time at Montclair State University and remember all of the great encounters you had during your college years - the people you knew, and the experiences that helped make you who you are today. As you browse this yearbook, you can review the ever-changing landscape of the campus and remember how you learned and changed as well. I hope you will come back often and enjoy what you helped build and what is yet to come.

As you go out into the world and make your mark, we will be watching you proudly. You join more than 130,000 other graduates who are changing society by applying their skills and talents to their work and families. I am confident you will do the same. The entire administration, faculty and staff salute you and are proud that you are an alumnus/alumna of Montclair State University. You have my sincere best wishes for a happy, healthy and productive future.

Sincerely,
Dr. Karen L. Pennington

MARGAREE COLEMAN-CARTER
DEAN OF STUDENTS

ALL WITHIN REACH

Congratulations on your graduation! This milestone will be one of your many accomplishments as you go forward with the knowledge, confidence and experience you have attained at Montclair State University.

As little children growing up, you were unable to reach certain objects which were placed out of your reach intentionally to protect you. As you moved along the continuum towards your destination into your college years, you were afforded the opportunities to reach high and partake of them for whatever was needed.

As an incoming student at Montclair State University, critical resources and vibrant services were placed within your reach, many of which I hope you experienced to your full advantage. During your years at the University, we provided, "support and advocacy to promote your success." With intention and purpose, we endeavored to "develop students who are intellectual, resilient, and civically engaged as global citizens," and who "value individuality and diversity."

As you move along the continuum of destinations, there will be new beginnings and opportunities. Montclair State University has prepared you to successfully reach for and seek these new opportunities. They are "All Within Reach." How you choose to navigate them is the key to releasing your talents and gifts into the world. To achieve this, reach within, stir your passion, excite your curiosity, seek that which inspires you.

As you sojourn, stay connected to your MSU community and "grow through" life with us. "There will come a time when you believe everything is finished. This will be the beginning." (Louis L'Amour), and you will once again realize, "It is, All Within Reach."

Carpe Diem

SGA EXECUTIVE PRESIDENT

To the Class of 2019,

I would first like to start by saying congratulations on this milestone achievement; you should all be very proud of yourselves. You have worked hard to get to where you are today, but the hard work doesn't stop now. Now we take what we have gained here at Montclair State and bring it with us wherever our paths lead. Just remember that no matter where your path leads, you always have a home here at Montclair State.

During our time at Montclair State we found ourselves. We found ourselves through student led organizations, athletics, work and academics. We have met the people who will be in our lives forever. As we move on from this institution I hope you never forget the wonderful memories made here. I hope you are able to take them and build on them and create wonderful lives for yourself.

Class of 2019, this is only the beginning. I wish you happiness and success as you go on to your next adventure. Carpe Diem, Red Hawks.

Best,
Serafina Genise

STUDENT REPRESENTATIVE BOARD OF TRUSTEES

Dear Fellow Graduates of the 2019 Class!

Congratulations to us all ! We did it. Although many of our college careers were not easy, it was wholeheartedly well worth it. Today begins the start of our future, we are making strides already by obtaining a degree that will make us more marketable in the workforce. Each and every Montclair State University student has the ability to be successful and I believe in your ability to be successful students.

It has been my great pleasure serving you as the Student Representative on The Board of Trustees. Although we are graduating, this does not end our educational journey. I challenge each graduate to continue to educate themselves outside of the classroom. I wish you all the best in whatever you choose to do beyond college. Just remember "Success is not about how much money you make, It's about the difference you make in people's lives" -Michelle Obama.

Best Regards,
Cierra Watts

"Everyone always tells you college is supposed to be the best years of your life, but I don't think I understood that until my last semester of college. If I could give advice to anyone, I say take advantage of every opportunity MSU sends your way. Experience college without regrets; it's better to look back and say oops than what if."

BONNER

The Montclair State University Bonner Leaders Program is a collaboration between the Center for Community Engagement and the Center for Student Involvement. Inspired by Ernest Boyer's vision of an engaged university heavily involved with the community, the CCE strives to lend a helping hand with research, teaching/learning and apply service resources that address critical issues which affect local communities. Faculty, students, administrators, and alumni affiliated with CCE collaborate with community partners so that learning and research are transformed and grounded with love and kindness, which help create healthy and vibrant communities and promote the future of them.

COMMUTER LIFE

Commuter Life strives to create a strong community amongst commuter students by helping them connect with campus life through strategic, fun, social, and educational programming. CSI offers opportunities for leadership and participation in student-initiated projects and organizations. When getting involved on campus, it is one of the quickest and easiest ways to become part of the community while creating your own experience. Through participation in co-curricular activities students meet friends, clarify values, apply classroom learning, gain a sense of accomplishment, develop role models, and learning to work and communicate with others.

EVENTS

"Being able to attend a variety of events on and off campus really enriched my college experience. I was able to meet new people, connect with my peers, and create long lasting friendships. Montclair State facilitates some of the best experiences their students can have, and I am so glad I was able to create memories that will last a lifetime."

HOMECOMING GAME

"Not even a little rain could halt the excitement and energy that was in the air. Between the football team's domination, Rocky the Red Hawk strutting his moves with our dance team, and the massive crowd filled with friends and family, I could feel that Red Hawk Pride at an all-time high."

HOMECOMING DAY

"Homecoming has always been one of my favorite days on campus. There are always so many things to do on campus like carnival games, the dance showcase, and the big football game. I absolutely loved going to support my friends who performed in the showcase! It is one of those events that I know I will always remember."

SHOWCASE

"One of my favorite aspects of homecoming is the Showcase. I love watching the organizations' performances and I have participated myself with MSDC for four years. We even took second place my junior year. I will never forget the memories of hoco and I can't wait to have more as an alum!"

PROJECT M

"Being a part of SLAM and conducting Project M was definitely a new and different experience for me. Planning this event taught me a lot about myself and those around me in the Montclair State community. In the end, Project M was ultimately a success and I'm not sure I would have done anything differently!"

WINTER BALL

"My first and last Winter Ball was a night to remember. Despite the freezing weather and almost missing the shuttle to catch the bus, my amazing friends made it all worthwhile. Everyone laughed, danced, and took way too many photos, but I love looking back at the memories. My favorite part was when my gals and I practically took over the dance floor since that's what we love to do. Needless to say I'm happy I got to experience Winter Ball at least once!"

WORLD'S FAIR

"World's Fair was such a fun experience! It was great to get involved with the campus and the culture with my favorite Red Hawk. Rocky had a blast, especially when he knocked me out in the joust. It was just an all around great time and I loved getting to be a part of the pride. I can't wait for more future events with Rocky and the rest of the campus community!"

SPRING WEEK

This “7 Springs” Spring Week was based on ”7 Rings" by Ariana Grande, where the events were either based off the song lyrics, her life, or anything fun! In one week, we had exciting events that pulled in hundreds of students that participated in a variety of things like inflatables, casino night, and a silent disco! You wanted it, we had it!! I am so proud of the entire week and all the memories everyone was able to make.

SPRING CONCERT

"Over the course of the semester, myself along with the e-board worked extremely hard to provide a truly unforgettable experience for MSU students. A lot went into play when deciding on the artist but I truly do not regret it at all! SENIOR SEND OFF

"Senior send off night was a really awesome and emotional night for me and a lot of people. This is what signaled the end of our journey as undergrads at MSU and it was a blast! Everyone was able to let loose and have a good time! Being a senior at MSU was a crazy experience but we got through and we did it. It was sad to graduate but it was something that gave me immense pride, especially to be a Red Hawk. I cherish all the memories I made here at MSU and will use them to help me through my future."

"Bermuda is by far my favorite place in the world, mostly because of who I went with. I got to know so many new people and experience this beautiful island with them.
